The Gift of *Compassion*

You can guarantee compassionate care for our community's most vulnerable — today and tomorrow.

Giving through your Will

“I’ve named Mount St. Mary Hospital in my Will in memory of my wife. She was treated with such kindness when she lived here, and I want to contribute to a charity that benefits society.” — Mount St. Mary Legacy Donor

An organization you can *Trust*

Founded by the Sisters of St. Ann over 85 years ago, Mount St. Mary Hospital is a Catholic health care organization serving people of all faiths. In addition to providing complex care, we are committed to meeting the physical, spiritual, social, and emotional needs of those we serve.

Your interests and your *Values*

Every year, Mount St Mary Hospital cares for 260 – 275 of our community’s most vulnerable individuals. Each person requires complex care services due to having conditions such as multiple sclerosis, Alzheimer’s disease, Parkinson’s and traumatic brain injury.

Odds are you know someone who can’t care for themselves or be cared for at home. Homes like Mount. St Mary Hospital are the answer.

Giving your way

Your legacy gift should look at your current and future financial needs and protect your family’s inheritance. Your gift can be structured to minimize taxes so more of your money goes to your loved ones.

By leaving a gift in your Will, you guarantee vulnerable community members receive enhanced care, comfort, dignity, and respect.

You can have this impact through a:

Bequest Gift: You can give MSMH the residue of your estate, a percentage of it, or a specific amount in cash or assets.

Gift of Life Insurance: You may assign ownership of an existing or new policy to MSMH or make us a beneficiary.

Retirement Plan: You may choose to designate MSMH as the beneficiary of your RRSP, RRIF, or TFSA.

Your gift is vital to the care of our community’s vulnerable. Government funding and resident fees only cover a fraction of the cost of hospital equipment and life-affirming programs. A gift in your Will ensures ongoing, compassionate care through:

- Activities that promote physical, mental, social, and emotional engagement
- Up-to-date equipment to ensure residents’ safety, health, and comfort
- Spiritual and Palliative care that inspires hope by encouraging residents to make connections, work through their losses, grief, and transitions, and find purpose and meaning in their life.
